

2nd Six Weeks: Social Studies

This six weeks we will concentrate on honoring our Veterans and all the different branches of the Armed Forces. You either have the opportunity to honor these heroes or you can choose to work on the social studies activity listed below. We want our Dragons to get the opportunity to say "Thank You" to all that fight for our freedom.

Some examples of community service activities honoring the veterans are:

Any Soldier

Victory Boxes for Soldiers

Meet and Greet the Troops at DFW Airport

Following completion of your community service time please write up what you did. Please attach a photo to the writing so everyone can see your hard work.

OR

Walk For PKD on September 25th

If you don't do one of the following community service opportunities you can do this Social Studies activity.

Activity: Pick a non-fiction book about a war or a famous war hero. Make sure to choose a book that is on your student's level of reading. Read the book and write about what you learned and create a symbol for the war. Describe your symbol so everyone knows your thinking.
