

4th Six Weeks

This six weeks we will be either concentrating on showing random acts of kindness or working on a language arts activity. The week of February 14-20th is Random Acts of Kindness Week. We would like you to participate in an opportunity to show kindness. Some examples of this community service would be:

Reading a book or your own writing to the residents at Mimosa Manor

Writing cards to the children at Cook's Medical Center (Refrain from saying "Get Well Soon") or Children Cancer Fund

KinderHarvest & MagazineLiteracy.org

Donate some of your books and school supplies to needy children around the world

Outreach Crafts for Kids (information coming)

Upon completion of your community service activity please write about what you did. You also need to attach photography of how you helped so everyone can see.

If you do not choose the community service activity please complete the Language Arts activity listed below.

Language Arts: Write a book using your own creative minds. Once you have your story you can even illustrate it. Once you have done this we will send them to needy children around the world. Please hand in your completed books to your teacher and we will do the rest.
