1.

What is the C.I.S.D. Success Scholars Community Service Program?

The Community Service Program is an integral component of the Success Scholars Program. The program is a way to encourage ninth through twelfth grade students to take a challenging high school curriculum and perform 100 hours of approved community service. As explained in the CHS / CSHS Course Description booklet, the Success Scholars program challenges students in their course

selections and requires them to maintain a C average or better. Those students meeting these requirements will be recognized as Success Scholars upon graduation.

2.

Who should participate in the program?

Students who want to graduate as Success Scholars are encouraged to participate. All students - whether striving to be a Success Scholar or not - are encouraged to complete community service hours for personal satisfaction, community service recognition, and to meet many college admission requirements.

3.

Generally how does the process work?

- 1 Pick up a yellow community service log card in the Guidance Office.
- 2 Contact a non-profit organization (also known as a 501c3 organization) to introduce yourself and arrange for an interview/orientation, if required. (If you do not know if the organization is approved, contact the Guidance Office or Community Service Board member BEFORE you volunteer)

IMPORTANT!!!!

Volunteer work is just like a paid job. Dress appropriately and be on time.

- 1 Make sure you have your supervisor sign your card each time you volunteer.
- 2 Make a copy of your completed card for your records. Return the completed card to the Community Service box in the Guidance Office. Pick up another card, if needed.
- 3 The Community Service Board meets the first Monday of each month (unless a school holiday falls on that date) during the school year to review and log all approved hours. If there is a question about your hours, a board member will contact you.
- 4 Approved hours are posted monthly on the Community Service bulletin board.
- 5 Students with 40 hours or more per year will be recognized at the end of school.
- 6 Graduating students who have completed the 100 hours of community service and qualify as Success Scholars will be recognized with special ribbons for their graduation robes.

4.

What types of service will qualify as community service?

Only those hours performed by a student WITHOUT COMPENSATION with an APPROVED NONPROFIT organization will qualify for community service recognition.

There is an almost endless list of volunteer opportunities for students. Organizations such as the American Red Cross, Special Olympics, Keep Southlake Beautiful and the CISD PTSOs are always looking for volunteers. Church-sponsored activities addressing physical needs such as collecting clothing and blankets, building projects, etc., may be included while religion-based activities, such as teaching Bible school, may not. A partial list of approved organizations is in the back of this booklet.

5.

When can a student start recording community service hours?

Students may begin accruing community service hours the summer between the eighth and ninth grades.

6.

Can a transfer student participate in the program?

A transfer student may participate in the Success Scholars Community Service program. The 100 required community service hours (along with academic requirements) will be pro-rated based on the year the student becomes a student in the district as follows: sophomore year – 75 hours required; junior year – 50 hours required; senior year – 25 hours required.

7.

How often should hours be turned in for credit?

Students keep track of their hours on a “community service log” card available at the Guidance Offices. Hours should be recorded and signed by the volunteer supervisor each time the student volunteers. Service hours totaling more than 10 hours per school day need to be itemized on a separate sheet.

NOTE: One exception is a mission trip. If the church coordinator / sponsor signs off the total number of hours for the mission trip, itemization is not required. Mission trip sleep times and religious prayer times do not count toward the total hours.

It is advised that the students turn in accumulated hours as often as possible to the Guidance Office and that students keep copies of their logs for college applications. Students will be informed of yearly spring deadlines for end of the year recognition.

8.

When do the 100 hours of community service need to be completed?

To be counted toward the graduation honors, hours must be turned in by April of the year the student graduates. The specific date will be communicated in the “Dragon Connection,” the school newsletter.

9.

Who can a student call if there is a question about posted community service hours?

Hours are posted monthly on the Community Bulletin boards in each high school. If you feel the hours posted are incorrect, contact a Community Service Board member. The phone numbers for the board members are available in the Guidance Offices.

10.

Do activities need to be pre-approved?

The activities included in this booklet are pre-approved so if the student volunteers with any of these programs, pre-approval is not needed. HOWEVER, if the organization/activity is not listed, the student

must check with the Community Service Board prior to volunteering. Hours will not be accepted if the organization is not on the approved. If the organization is not on the approved list, a process for approval will need to be initiated.

11.

What is the process for receiving approval for an organization if you are unsure that it has an approved 501c3 status?

Remember: an organization must have 501c3 nonprofit status to qualify as an approved community service site.

NOTE: Performing a random act of kindness – such as babysitting for a family who has had a crisis – does not count as community service hours.

If you are unsure if an organization has 501c3 status, there are two methods for acquiring approval:

1 Student Initiated – Before a student performs community service at an organization that does not have an approval form on file, the student completes her/his portion of the Pre-Approval Form which is available in the Guidance Office. There is information required from the sponsor of the organization as well. Once completed, the form is submitted to the Community Service Board for approval and the form is returned to the student for logging the hours.

2 Organization Initiated – A representative from an organization may also complete and submit the Pre-approval Form to the Community Service Board for approval of service activities in which students are asked to participate.

12.

Can a student appeal a disallowed activity?

A student may request an appeal hearing before the Community Service Board. The student will be given the opportunity to discuss the merits of the appeal. The decision of the Board following that hearing is final.

13.

What are examples of community service that count /do not count toward your hours?

COMMUNITY SERVICE BOARD

MISSION STATEMENT

The C.I.S.D. Community Service Board – comprised of parent volunteers - was established to review community service hours as performed by CISD ninth through twelfth grade students in order to qualify for the Success Scholars Program (as defined in the CHS / CSHS Course description book).

PURPOSE

The Board serves as a liaison between students and parents, community service agencies, and the CISD Board of Trustees.

**A Planetary Definition of
Volunteering:**

1. The activity is relatively uncoerced.
 2. The activity is intended to help.
 3. The activity is done without primary or immediate thought of financial gain.
 4. The activity is work, not play.

No act of kindness, no matter how small, is ever wasted...

-- Aesop

I don't know what your destiny will be, but one thing I know: the only ones among you who will be really happy are those who have sought and found how to serve.

--Albert Schweitzer

A volunteer is a person who can see what others cannot see; who can feel what most do not feel. Often, such gifted persons do not think of themselves as volunteers, but as citizens - citizens in the fullest sense: partners in civilization.

--George Bush

Every man has to seek in his own way to make his own self more noble and to realize his own true worth. You must give some time to your fellow man. Even if it's a little thing, do something for those who have need of help, something for which you get no pay but the privilege of doing it. For remember, you don't live in a world all your own. Your brothers are here, too.

-- Albert Schweitzer
