

**CARROLL SENIOR HIGH SCHOOL
SEMESTER EXAM
EXEMPTION POLICY
2011 - 2012**

Seniors are eligible for exemptions from all semester exams in both the fall and spring semesters. A semester average of 85 must be attained in the course for the entire semester for the exemption to be considered.

Juniors are eligible for exemptions from all semester exams only in the spring semester. A semester average of 90 must be attained in the course for the entire semester for the exemption to be considered.

All courses, including electives, will be considered for exemptions.

No student may be exempted, regardless of the reason, if more than two absences have been accumulated (4 absences in a class that meets daily); excluding two college visitation days per semester and any absence due to school related activities.

Exam exemptions will not be granted if there have been any assignments to On Campus Suspension, Out-Of-School Suspension, or Discipline Alternative Education Placement during the applicable semester. (Please note Code of Conduct)

Exam exemptions will not be granted in any course if the student has any unexcused absences or truancies for the semester involving the exemption request.

A student who is tardy to any class more than 3 times in either semester (6 times in a class that meets daily), regardless of the reason, will lose exemption from that class for that semester.

All assignments, projects, books, and fees must be completed and cleared BEFORE any exemption to any final exam will be granted.

The attendance-counting for each class concludes the last class period immediately preceding the final exam date for that class.

Exemptions may be waived by student and/or parent request. If taken, the score WILL count toward the final grade of the course.

Carroll Senior High students taking courses at the Carroll High campus will be eligible for exemptions provided they meet the stated criteria.
