### *Health Services Notice regarding Health Department Immunization Clinics*

We regret to inform our CISD families that the Tarrant County Health Department Mobile Immunization unit will not be visiting our CISD campuses this semester. As of 2/1/12, the State of Texas will no longer immunize any child who has private health insurance that covers vaccines. There are no exceptions for the fact that a private care provider may not have the vaccine in stock, nor that a family may be unable to pay the private provider co-pay. In the past, our campuses have had a very small number (maybe 1 or 2 on a campus); of uninsured students actually take advantage of the low cost vaccines. That being said, our families will need to use their own health care provider for all vaccines required for August, 2012, school attendance. If your child does not have private health insurance that covers immunizations, he is still eligible to go to any of the Tarrant County Public Health clinics. The most convenient location for Southlake is the Watauga Public Health Center, 6601 Watauga Rd., suite 122, Watauga, TX 76148, phone 817-514-5030.
