

The First Grade Gazette- June 1, 2010

Science:  We will continue learning about frogs. We will use the research information to help us complete frog activities. We will enjoy a gallery walk at the end of the week to showcase our work.

Math:  This week we will review the first grade concepts taught this year. Students will be able to choose from a variety of activities as they review these skills.

Writing:  The students will continue to choose not only what they write about but also the genre. They can choose between personal narrative ("small moments"), nonfiction books (all-about), and poetry.

Our "End-of-the-year" Ice Cream Social will be Friday, June 5 at 2:00 p.m. by the playground. We hope you can join us.

Happy Birthday!
