

AP European History
2010 – 2011
Mrs. Prado

The AP course and examination in European History are intended for qualified students who wish to complete classes in secondary school equivalent to college introductory courses in European history. The examination presumes at least one academic year of college-level preparation and grants college credit to those students who score successfully on the May exam.

The textbook used during class will be Western Civilization 6th edition written by Jackson Spielvogel. We will begin the year by reading Chapter One of A World Lit Only By Fire by William Manchester. However, there is no summer reading assignment to be completed before the beginning of school.
