Good quality used copies are available from sources such as Half.com, Ebay, and Amazon. Be careful to purchase a copy of the 4th edition, as the book now has a 5th edition.

If you already own a comprehensive recently published atlas, you do not need to purchase one.

You will also need a set of colored pencils.

 - Capital cities may be labeled on the map or listed on the back of each map

2. Once you have completed your map activities, you will be tested on your knowledge.
 - Please go to the website www.quia.com/web.
 - Once there, you need to click on "student zone" and then "create my free account".
 - When you are enrolled, enter the class code **JMH887**. Now you will be able to take the quizzes for each of the maps you completed.
 - Try the fun quiz first so that you can see how the program works.
 - The questions will all be fill in the blank style. As your answers will be proper nouns, you must capitalize and spell correctly.
 - You will have 10 minutes for each quiz, and you may only take a quiz twice. So, make sure you are prepared before you begin.
