You will then have access to the features shown below.

3. The **Password Locker** allows you to view and manage your login credentials for each application or textbook on your dashboard.

The image shows a 'My Profile' menu on the right with options: General, Themes & Colors, Password Locker, Sign-in options, Assessment apps, and Recovery Setup. An arrow points from the 'Password Locker' option to a 'Password Locker' dashboard on the left. The dashboard shows a search bar and a list of apps. One app, 'ABC Mouse', is highlighted. A callout box shows the 'Edit' button next to this app.

3. By clicking the **Edit** feature next to the designated app, you will then be able to manage the credentials for that specific app.

The image shows the 'Extension Locker - Kahoot!' configuration page. On the left, there is a table with columns 'Locker' and 'Action'. The 'Locker' column has a 'Default' entry. The 'Action' column has 'Edit | Delete' links. A callout box highlights the 'Edit' link. On the right, the configuration form for the 'Kahoot!' app is shown, with fields for 'Locker name' (Default), 'After login go to this address', 'Username or email', and 'Password'. There are 'Cancel' and 'Save' buttons at the bottom right.
